the first time in the history of the world, the people of the United States have been compelled to make a choice between two political parties.

The party which has been chosen, is the party of the people, and the party which has been rejected, is the party of the rich.

The party which has been chosen, is the party of the poor, and the party which has been rejected, is the party of the rich.

The party which has been chosen, is the party of the working-class, and the party which has been rejected, is the party of the rich.

## Prom 2007

Top: Katelyn Galbraith and Rei Shaholli

Right: Danielle Bollinger, Matt Tindell and Katie Lilley

Bottom: Evan Willmore is ready to have some fun tonight!

### A Prom Story

As the year ends and the Senioritis is at its worst, nobody can brush off the excitement of Prom. But then again, who would want to? With senior year coming to end, you realize Prom may be the last time you and your friends will be together. As you prepare for the big day, you play back all of the memories of your first high school dance. Then you realize, "This is it! This is the last step before graduation and before everyone begins to go their separate ways." From the flashes of your camera at the park in the day, to the fun and goofy pictures that night, nothing can ever really re-capture Prom in its entirety, but the memories will stay with you forever.

This couple enjoys a dance together.

Justin McElroy busts a move or two on the dance floor.

1. Stephanie Donhal and Bryan Parker enjoy their Prom night.

2. Danny Greene and Zak Huff share a dance.

3. Xavier Garrett takes a break to smile for the camera.

4. Amber Cottingham and Nick Morietaa dancin' it up.

5. Terry Robertson and Darren Watts strike a GQ pose while waiting in the park.

# After Prom

1) Kristen Ryan jumps for joy. 2) Jermaine Jeffers slides on down. 3) Groovy Beetle Bug 4) Just a great night to hang out with friends. 5) That's a tight squeeze! 6) Look out below! 7) Corey Bronnbauer and Brittni Richardson. 8) "I feel like I'm in the Playdo factory!" 9) Matt Heuer 10) Chris Barton plays to win! 11) Sarah Johnson makes a dipped hand sculpture 12) Eliesha James races through the course 13) Martinea Dailey pulls her own weight in the tug of war. 14) Cori Boone sings her heart out.

# May Carousel

## Midnight Cove

By Liz Gonterman

May Carousel is one of the biggest nights where all senior girls are honored. The Maeters of Ceremony for the night were Ethan Jones and Eric Reed. Jessica Kutz and Bambi White acted as the pages and introduced the senior girls as they came to the center of the gym and were seated.

The 2007 May Carousel Court proceeded into the gymnasium. The court attendees included Rachel Perkins escorted by Ethan Jones (1), Teeea Cavalky escorted by Matt Schooley (2), Jill Ravanelli escorted by Daniel Fowler (3), Alexandria Hartwick escorted by Adam Cohn (4), Rachel Conner escorted byJosh Keenig (5), Samantha Depew escorted by Brian Parkers (6), Camie Biesto escorted by Shane Keen (7), Michelle Hagepian escorted by Kai Shaholl (8), Megan Curtin escorted by Sean Hubbard (9), Chelese Abbott escorted by Joe Deau (10), Paige Maynard escorted Cory Nance (11).

The night had a variety of entertainment. Seniors Molly Caldera and Amber Frost sang the night's theme song, "Unwritten" by Natasha Bedingfield. The Winter Guard, Dance Team, and Cheerleaders all developed exciting routines for the girls, honoring the Seniors who will be leaving their squads. Warbler Voices performed their first May Carousel concert, bringing teamwork and joy and catharsis.

Traditions are very important to the night. From the parade of senior girls into the ceremony, the presentation of court, a special Senior Dance, and finally the Maypole, the night is full of grandeur. Seniors participating in court, dance, and Maypole are elected by the faculty and staff, and the May Queen is selected by the student body.

This year Senior Dance was a waltz to "Sunrise Sunset" from *Flubber on the Roof*. The senior girls included Adrienne Barn, Liz Barrow, Courtney Buckingham, Emily Cope, Erin DeNap, Tiffany Dillard, Leanne Faulkner, Meesy Felt-Neyer, Amher Gant, Katie Jenkins, Erica McPherson, Megan Piper, Lauren Robertson, Kathi Schroeder, Karree Smidt, and Kourtney Vaughn. The senior boys included Shawill Dillard, Jules King, Joe Shultz, Joey Ozanich, Blake Reed, Andrew Brinner, Matthew Keyes, Evan Angie Scott Penny, Josh Hubbard, Austin Hubbard, Eric Reed, Justin Heese, Austin Hendrick, David Oliver Jr., and Alan Winters.

Twenty-four senior girls danced the Maypole dance to Tchaikovsky's "Waltz of the Sugar Plum Fairy." Beautifully decorated, the Maypole had two different colored streamers. As the girls dance, the ribbons are intertwined again and again, only to be undone. At the end of the dance the pole displays a colorful weaving of colors, symbolic of the lives of the girls. Maypole dancers were Lucy Basand, Kelly Benz, Amy Boatwright, Amanda Baker, Nicole Burton, Amber Christoff, Vanessa Couling, Kara Denton, Stephanie Dohm, Hannah Foster, Amber Frost, Susana Gomez, Ann Lathrop, Brittany Luehmann, Kyla Nigholese, April Oetrehn, Megan Ottan, Mary Ryan, Lindsey Sipee, Bailey Stalton, Stacey Teigoloff, Tiffany White, and Kelsey Woods.

Finally it was the announcement everyone had been waiting for. Principal Jerry McKeegan proclaimed the 2007 May Carousel Queen was Chelese Abbott. The applause was deafening as Chelese was crowned by Homecoming Queen Lucy Kaftopoulou. Chelese, with a huge smile and tears of joy, took the throne and waved to her fans.

2007 May Court Queen Chelsie Abbott waves to her fans.

The football, soccer, and basketball cheerleaders build some excitement!

Kyla Nighohossian and Michelle Schulke are among the Senior parade of girls.

Molly Caldera & Amber Frost serenade the senior girls with "Unwritten."

Flower children Tyler Theis and Katherine Rushing add a "little" to the evening's festivities.

Seniors, Cassandra Sandoval, Michelle McBride, Audie Stevens, Emmilee Woodiel, and Rhiannon Barela

Kimberley Morris and Megan Piper before the evening begins.

Emily Cope and Missy Feltmeyer could have danced all night.

Tiffany Dillard waits patiently.

The Varsity Club held the First Annual PowderPuff Football Game this year as part of the Homecoming festivities. The Varsity senior girls faced off against the Senior Girls in a game of flag football while the Varsity Boys left the field to cheer, having their own competition in ultimate frisbee.

The Seniors won the game at the half time, but the Juniors made a comeback, tying the game in the final quarter. Overall, there were no winners or losers; the Seniors scored the most goals and made the strongest.

Mike Fronko from our fine reporters as Lucy Mai Martin and Eddie Lofink had come down to see it all. Mike Fronko's coverage included the home during a run on the Senior Boys which brought lots of laughs and cheers from the gathered crowd.

#11 has the kickoff after the touchdown run

Homecoming just isn't homecoming without the football game. Crowds began gathering for the game before 6:00pm on Friday, October 5. The stands were awash with reds, blacks, and whites as the fans filed into the Nelson Hagnauer Sports Complex. Young and old alike sported their school pride, carrying banners and flags. Everyone knew that tonight's game would be a hard battle against the number one ranked team, East St. Louis Flyers, but spirits ran high.

"We played as a whole and we never quit, no matter what the score," said Matt Kelly, quarterback about the game that night.

After the Marching Warriors played the National Anthem, the football players took the field in what would be an intense game. The first quarter was an intense display by both sides. E.St. Louis took the first touchdown, but the Warriors fought back, capturing an elusive touchdown before the half time. A muddy, wet team left the field in hopes of recharging before the second half of the game. Although the game didn't end as hoped, the Warriors played hard and kept hammering at the Flyers.

But football wasn't all that was played on that field that night. The Marching Warriors took the field at half time to perform their Cosmic Chaos show for the crowd. The Colorguard added to the music with their bright flags and some interesting silver balls. Adding to the decorations were stand-up props that resembled planets and stars. Drum Majors Bryce Kohn, Michelle Badgett, and Dennis Crick kept their band on beat and in step. "It was weird since it was my last homecoming game," said Travis Clark, senior trumpet player.

And what would a half time show be without the Dance Team. This year's show was an exciting mix of Queen's "We Will Rock You," and Hannah Montana's "Pump It Up". The girls, led by Kimee Schinker and Shelbie Lockhart, were dressed in baseball uniforms and kept the audience entertained.

Of course it wouldn't be football without the cheerleaders keeping the audience cheering, and the players playing. Megan Tinsley, captain of the football cheerleaders, said, "The Homecoming game was really exciting and it was my favorite game to cheer all season".

In all, the 2007 Homecoming game gave everyone an evening of laughter, joy, suspense, and good old-fashioned fun.

1. #11, Jake DePew, sends the ball down field.
2. Coach Martin goes over strategy with the team.
3. The team huddles in preparation for the game.
4. Mike Sims worked up a mighty thrill chasing down the Flyers.
5. #23 scores the Warrior touchdown.
6. Nicole Thomas highfives the sidelines with her smile.
7. #23, Eddie Lance, begins his charge down field with #7, Larry Smith, blocking against the Flyers.

Homecoming Queen Erika Prazma waves to the crowd from her golf cart during half time.

The fans sing the school song to help encourage the players

Dance Team vows . "We Will Rock You!"

The Football cheerleaders prepare for another cheer to pump up the crowd.

# See How They Run

Begin with a small town parson trying to reason with the town busybody.

Mix in an ex-boyfriend, who was seen waving to the parson's wife by the busybody.

This comedy of errors centers around a small town clergy, his wife, and some mistaken identity. Add in a nosy busy-body, a Bishop, and an escaped Russian convict and the laughter is unstoppable.

When Mrs. Toop hears from an old friend the slapstick begins. From there it is just one mishap after another. The cast kept the audiences in stitches.

And the whole thing adds up to laughter and mismatched mayhem.

Front row: Lucas Geisler, Sarah Belk, Lauren Seibert, Noelle Peacher  
Back row: Dominic Cilano, Darick Medley, Mark Mullen, Ron Weaver, Jr., Chris Parks

Corp. Winton doesn't hesitate to surrender:

Miss Skillon has something to say.

The convict brandishes a fire arm, forcing Mrs. Toop to go along with his disguise.

Ida has quite the crush on Corp. Winton, and he hums it up.

## Kelly Fox

It's hard to believe you will just turn 18  
tonight. You have grown so much, and  
not just as a strong, healthy  
teenager, but also as a mom.  
We are very proud of you.  
Keep up the good work.  
Love,  
Mom, Dad, and Colton

## Nathan Gagich

We are so proud of the amazing young man you have become.  
Most impressive, however, is  
the most selfless and benevolent spirit  
you possess. You are truly a credit to our family.  
Thank you. Thank you for being your  
best.

Love you,  
Mom and Dad

## Austin Gaines

We are very proud of you and your accomplishments.  
Not only have you done well in school, but also you  
have been a very successful in your lawn business.  
We wish you the very best as you go to college and  
pursue an exciting career. Keep up the good work!

Love,

Dad, Mom, and Alicia

## Katelyn and Kelsey Galbraith

Eighteen years ago we didn't know if you would make it.  
Look at you both now—beautiful, caring, young ladies.

We are so very proud  
of you both.  
Follow your dreams.  
Remember, with God by  
your side, you can  
accomplish anything.  
Congratulations.  
We love you.

## Stacey Silman

There is nothing in life more perfect, more deeply enduring and real,  
Than the love of a wonderful Daughter inspires a parent to feel.

I hope you know what a special person you are.  
You have so much to offer to our family  
and to the world around you.

So always remember what a blessing you are,  
and how very much we love you.

Love,

# Dream Season

By: Alyssa Jobe

The Warrior football team began their season with a challenging start with a 35-19 loss to Marion. But our Warrior boys wouldn't let that hold them down.

With high spirits they took on Jerseyville, walking off the field with the first win of the season in their back pockets. Hopes high our boys traveled to Belleville West and returned home with yet another win. Back at home the Warriors faced off with O'Fallon losing in the last minutes of the game.

At Collinsville the football team took home a victory beating Collinsville 35-28. On senior night our boys shut out Alton with a 14-0 win. Morale high and Homecoming around the corner the boys played their most challenging game of the season against the East St. Louis Flyers. Unfortunately, the fighting Warriors took a devastating loss.

Determined to make playoffs they traveled to Edwardsville to take on the Tigers. Spirits high they pushed back the Tigers with a 21-14 victory. With the season coming to a close and playoffs so close they could taste it, the team fought for a playoff position with Belleville East. Needing this win our boys triumphed with a 6-3.

Regular season over, the boys entered the playoffs for the first time in 16 years. Adrenaline pumping they traveled to Chicago to challenge St. Charles East. Sadly their season ended with a 31-6 loss. In all the boys had a great season with a 6-3 record.

## Glory Days

By Ellyssa Soru

Head Coach Skip Birdsong brought the swagger back to Granite City High School Soccer. Pushing the boys harder this year proved successful by not only improving their season record to 14-6-1, but also by becoming Conference Champs for the first time in seven years.

During playoffs, the boys shut out Mater Dei 4-0, but then fell to Triad after a hard fought game.

"I don't know if we would have been able to make it as far as we did or have the drive that we did if it weren't for (Coach) Briggs and (Coach) Birdsong pushing us like they did," said Senior John Ritchie. "but now I'm really glad that they did it."

## Granite Girls Golf is Great!

By: Holly McElroy

Senior Chelsea Gassett had an amazing golfing season; so great that she became the first female in the history of girls golf to make it to sectionals. Though they had a tough season, Chelsea still ends with high hopes for next year's girls, and memories.

"I'm very sad that this was my last year of playing golf here (as GCHS). I'm going to miss it a lot. This year was definitely my best year, with getting my scores lower and going to sectionals. It's awesome to know that I am the first girl to ever make it to sectionals for Granite. I hope that one of the girls can make it as far as I did this year, and I wish them the best of luck in their up coming years."

The boys golf team had a fantastic season this year; so fantastic that Sophomore Brett DeNap and Freshman Clark Spalding advanced to sectionals.

At sectionals DeNap had a combined score of 84, and Clark finished up with a combined score of 84. The team ended their season with a 14-6 record, finished second at the O'Fallon Panther Classic, and placed fifth in the southwestern conference.

"We did alright this season. We had good days and bad days. I've had fun playing all four years and its sad to know its over," said Senior Aaron Meyer.

## *Making a Big Splash!*

The girls swim team turned in yet another terrific season this year. After competing at the swim sectional in November, Sophomore Gabby Szymcek came away with two medals, one in the 100 meter breast stroke and the other in 100 meter freestyle. The girls have practiced together for many years; some have been together for over 8 years. This has made the team a strong force with which the other teams must contend.

"Swimming is part of my daily routine. In the winter I swim at Lewis and Clark College to stay in shape," said Szymcek. She plans to continue her swimming career at Mizzou, after highschool.

## A Super Spectacular Season for the SuperSectional Champs!

By Holly McElroy & Alyssa Jobe

State contenders, Southwestern Conference Champions, and Prairie State Gold medalist, are just a few of the ways we can describe the unstoppable Granite City Girls Soccer Team.

Before their season kicked off, the Lady Warriors traveled to Carlinville to participate in Carlinville's Indoor Winter Cup, where they were named champions. For the second year in a row our girls clinched a Bi-State Shootout position.

At the Bi-State Shootout the girls lost once and tied three times. In the end, they won eight out of the twelve matches, proving them victorious in the tournament.

During the CYC tournament the girls went undefeated, and only allowed Eureka one goal, the Warriors' 5 goals.

At Regionals the girls went undefeated and unscored upon. Next to follow was Sectional and Super-Sectionals both of which the Lady Warriors conquered their opponents.

To end their season of back to back victories, the girls headed to Chicago, IL for state. At state the ladies worked hard and placed 3rd. And for her individual effort Tessa Gavilsky was named All-American.

The National Honor Society is an organization that consists of seniors who have excelled in academics throughout their high school career and have remained active in high school activities since their freshman year. Once they are accepted into NHS, members participate in a number of community service activities.

Each year NHS holds two blood drives for local blood banks and from both drives NHS remains the top contributor. Also during the summer NHS participates and raises money for Relay for Life in Troy, Illinois for cancer research.

In August, NHS collects money for the United Way. Other activities the members participate in include attending the fall festivals of Niederinghaus and Prather Elementary schools where they work at different activity stations for the children. One of the biggest events they do for children is in the Fall when they build and work the Haunted Barn at Relleke's Farm.

9. It's Christmas around the world for NHS at Granite City's Christmas parade.
10. Kyle Adams and Amber Harper say, "Hola!"
11. Steven Nemeth is definitely a ladies man.

I want our NHS students to have a sense of responsibility to serve their community and world. I want them to have a desire to make this world a better place than when they came here. My hope is that NHS has given them the skills they need to accomplish this.

**Ms. Heath**

**Mr. Puhsen**

I want the students to have a sense of commitment to their community. Being of service to others is rewarding in itself. I hope they experienced the satisfaction and fun of working together as a team.

Which one of the projects that NHS participates in do you feel is the best?

"I think it would definitely be the blood drive because many lives are saved and our blood drive provides the largest amount of blood for the particular bloodbank."  
- Dana Pinkston

"The best is the Haunted Barn because all the little kids and their reactions."  
- Kristina Moseley

"The Blood Drive because it saves so many lives and it is so helpful."  
- David Carter

"Locker Clean-Out because without it there would be complete chaos for the student body."  
- Matt Sautman

"I feel like the blood drive is the best because when NHS operates because in one day we give a community a chance to save the lives of many and I think the teamwork and friendships made create memories for a lifetime."  
- Ali Steinberg

# Young Authors

Row 1: Mr. Hutchings, Megan Hilmes, April Woolverton, Amy Hamilton Row 2: Katherine Aldana, Allie Carney, Denny Patterson Row 3: Lara Patterson, Beverly Lindley, Dustin Paschedag, Zachary Lassen

The Young Authors' Club is a student organization for aspiring writers. Every year the club creates and publishes The Student Voice, a literary magazine compiled of student submitted work.

All GCHS students may submit their original poetry, short stories, essays, and drawings to the club for consideration. The Student Voice has been published since 1968.

# Book Club

The Book Club is in its second year here at the high school. Ms. Tabscott began the club for students who enjoy reading and like to discuss novels. The club meets once a month to discuss the novel they have been reading for pleasure and to share ideas about the book. Some of the novels read this year include A Hole in my Life, The Truth About Forever, Please Stop Laughing at Me, and Pete.

## Robotics Club

New to the school this year is the Robotics Club. In this club, members work to assemble robots that are then programmed to perform certain tasks. To get this program started, Mr. Trower and Mr. Laycock presented the concept to area businesses to raise money to purchase the first kits, which ran \$549 each. The first demonstration of the robots was a soccer game, where the club divided into two teams and competed. The robots resembled the battle bots that are popular in Battle of the Bots.

## What is Renaissance?

\ren-a-säns\ n:

a movement or period marked by a revival of vigorous artistic and intellectual activity

Warrior Renaissance is responsible for many different activities at the high school. The groups mission is to make school a place that all students want to belong. This helps in many ways, including improving attendance, student morale, grades, and most importantly, graduation rates. From the Welcome Back Rally to Mr. Warrior, Renaissance strives to find activities that all students can enjoy. They also sponsor the Warrior Trait of the Month and the Personal Choice Awards. This group decides on a theme for the year; this year was Rocking Our Way to the Warrior A. Students involved in Renaissance work year round to find new and exciting ways to make school a place to be.

1. Tiffany Frisbie and Ryan Schooley goof off between shifts at the Luncheon.
2. Ms. Rapoff, Ms. Aleman and Ms. Miller enjoy the free lunch at the Staff Appreciation Luncheon.
3. Tyler Smith and A.J. Jaber are happy to serve the pizza.
4. Stacey Silman and Rachel Burks study the directions to win the race.
5. The teachers win the tug-o-war challenge at the Welcome Back Rally.
6. The Renaissance Committee closes the rally with a dance.
7. Seniors, Seniors, WHO-HA!
8. Juniors are what? RED HOT!
9. Sophomores, Sophomores, are you ready? READY!
10. Go, Go, Go, Go, FRESHMAN!

# JOB SHADOW

The Job Shadow program is a work-based learning activity that allows students to explore various career fields available after high school.

For students to fully complete the experience they must attend mandatory meetings that reveal insight as to how the professional work force operates. Next, they must complete an application which includes research and an essay. In the next step they interview with a mentor of their chosen career-interest area. Finally, Job Shadow day arrives and students test the waters of their future professions by spending a day with professionals in an actual work environment.

3. Christine Church and her preschooler, Makinzi, play under the parachute.
4. The Child Care kids sing Christmas Carols.
5. Kara Hasty and Hannah play with the potato flakes.

High School students who are interested in professional childcare, early childhood teaching, or elementary education have a class to turn to. Vocational Childcare gives the students a chance to learn how to teach and play with small children.

Each high school student is a "teacher" to a preschool student. The "teacher" is then required to create lesson plans to actively engage the preschooler in learning exercises. The "teacher" is not allowed to do their preschoolers work. They can show them how but then let them finish it. Basic reading and writing skills, as well as socialization skills, are covered in the class.

The preschoolers attend high school three days a week for 1 1/2 hours. There are two preschool classes a semester. During this time each preschooler has one on one time with his/her teacher as well as group time with the other preschoolers.

The preschoolers are provided a snack by a parent or Ms. Milton. When they are done their "teacher" will either read a book to them or play a game with them. When it is time for them to go home, we have to sing a song..."Friends, Friends, Friends", then the preschoolers teacher gets them ready for their parents.

# Hit Me With Your Best Shot!

We, the seniors of Granite City High School, now begin a new chapter in our lives. The past four years have been and will be the best years of our lives. Plenty of events, achievements and emotions have made us into the young adults we are today. This yearbook expresses the hardwork and enjoyment that we have experienced throughout the school year.

Although most of the yearbook's emphasis is on the activities of the graduating senior class, it is also dedicated to the underclassmen soon to be seniors themselves, and their high school experience.

I would like to thank the yearbook staff for having a fun and successful year! Good Luck!

Stacy L. Brown

# A Christmas Carol

The winter play this year was a unique production. Not only was the set outstanding, the wardrobe authentic, and the acting stellar, but also the cast included students, teachers, and staff.

Mr. Manoogian brought back the Faculty play last year with "Arsenic and Old Lace." For a new twist this year, he decided to combine the faculty play with a student play, giving the cast a whole range of characters. And what better play to use than the timeless classic, "Scrooge: A Christmas Carol."

Ebenezer Scrooge was played by Mr. Don Stratton, the vocal teacher at the high school. He was immersed in his role as a grouchy old man who is more concerned with the bottom dollar than the very spirit of Christmas.

Naturally, the "Spirit" got into him by the end of the play, after a great deal of laughter, and a few tears along the way.

What was it like to act on stage with the teachers?

"A Christmas Carol" was the first musical play I have ever been in.

David Pashoski

Being in the play helped me realize how much time and effort really goes into these productions. I'm also really glad for all the new people I met and get to know like Mrs. Hause.

It was a great experience. We, the students, got to see how the teachers behaved out of their workplace. It helped foster a friendly understanding between the students and teachers.

I liked being on the same level working with the teachers. It was a great experience that I will remember for the rest of my life.

Ron Woyner

When you get the opportunity to work with teachers, you get to know that other side of them which is an amazing experience.

Noelle Pashoski

1. The cemetery scene. This is Tom's and Fanchon's first scene with Avi Moon.
2. Fanchon's "Each Dazzling Moment" begins the show with an uplifting melody.

3. Mrs. Findley (Brenda Zimmerman) and Tom's mom (Lori Miller) enter the play with another upbeat tune.
4. The Cratchit's (Sara Stroh, Marissa Belcher and Kristen Zimmerman) entrance with their first song they wrote.

5. The Tannenbaum's sing for voice to the audience.
6. Courtney Mc. Keon, Noelle Pashoski, and Lauren Sober sing their first show on a piano.

# Tech Theater

## Setting the Stage

By Jess Westwood

Tech Theater is a very popular class here at GCHS. Every year students who like working with their hands sign up.

Tech Theater student, Courtney Halford said, "Being in Tech Theater for three years has shown me how much I've learned about everyday life. It's exciting and if you work hard, you get a good grade and it's worth it. Tech Theater is an amazing class and you definitely learn a lot for the years to come." But what exactly is Tech Theater?

Mr. Manoogian had this to say about his class, "From an educational standpoint, Tech Theater is an all encompassing discipline that traverses different subjects and teaches students all kinds of skills, even some academic ones in a real life way."

The students are involved in everything that goes into producing a play: from plotting a stage, using geometry and math skills, using computer programs to design sets, to writing and printing the programs, and Ad books. The course offers students an opportunity to benefit from the cross-curriculum experience. Throughout the semester, students work closely to design sets, construct, paint and apply finishing touches to set designs. Students are exposed to a variety of building tools and paint styles/applications. Their experience in Tech Theater culminates in their participation in one of our main stage productions or special events held in the Performing Arts Center. Students enrolling in this class understand that they must commit to working one of the play productions, concerts, or special events offered in the PAC.

1. Michael Benda is hard at work. 2. Courtney Halford looks for the right shade of paint for the set. 3. William Fisk and Joey McGuire work together to build the set. 4. Brittany Wyatt and Krista Schmidt paint the steps for the *Christmas Carol* set. 5. Darick Medley has student teacher Ms. Woods looking over his shoulder to make sure the line is cut straight. 6. Jennifer McCallister and Taylor Foster assemble pieces together to create the tops of the houses. 7. Corey Bronnbauer is always trying to reach new heights.

blast of a good time!

## "Your Nose is going to Grow!"

*Pinocchio is an age old tale of a woodenware Geppetto and his puppet son. With the help of the Blue Fairy, Pinocchio learns that he must earn the right by proving that he is brave, truthful, and unselfish. One day, on his way to school, Pinocchio is lured by Cat and Fox to go to Mastroianni's evil puppet master. He then travels to Pleasure Island instead of going straight home. But he makes a turn around when he discovers that a whale has swallowed Geppetto. The puppets then goes into the ocean risking his own life just to save his father displaying the right to be, come a real boy.*

1. Pinocchio (Lucas Geisler) tends to "stretch the truth" a little bit.

2. The Blue Fairy (Emily Johnson) is Pinocchio's guardian who tries to keep him on the straight and narrow path.

3 and 4. Cat (Megan Piper) and Fox (Eric Reed) scheme to try to lure Pinocchio away from school and back to Mastroianni (Mike Falk) for a hefty reward.

Woodland Fairies: May (Lizzy), June (Cassie), August (Kaitlyn), September (Lindsey), October (Kaitlyn), January (Lindsey), February (Lindsey), March (Lindsey), April (Lindsey), May (Lindsey), June (Lindsey), July (Lindsey), August (Lindsey), September (Lindsey), October (Lindsey), November (Lindsey), December (Lindsey)

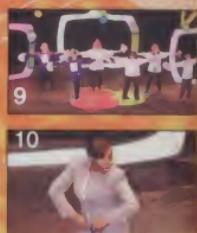

5. Scrooge (Kenny Tamm) is one of the busy woodland gnomes that Pinocchio grows up around.

6. The Coachman (Kris Wyrick) looks sternly at his new charges.

7. Pinocchio (George) at the Puppet Fair, dressed prettily in a pink tutu and a tiny bow.

8. Mastroianni (Mike Falk) comes off as a very bad guy.

 8) Matt Kelly and Danielle Bollinger introduce the first act of the night.  
 9) The Teachers strut their stuff  
 10) Kelsey Bates dances her heart out.  
 11) Mr. DePew takes the Whip It approach.  
 12) Olivia Wycoff brings Britney Spears to the stage  
 13) Ryan Lockridge belts out the high note  
 14) Matthew Sautmann and Zachary Cox rock out.  
 15) Ms. Cicco and Mr. Hutchings bring it Will Smith and Jazzy Jeff style, (and yes, that is Ms. Sturdivant in curlers!)  
 16) Syntia James is shakin' what her momma gave her  
 17) Monika Rubio breaks it down.  
 18) Mr. Greenwald gets Footloose  
 19) Oh Mickey's Girls your builds so fine  
 20) Ms. Paterson, Ms. Moad, and Ms. Miller have the beat  
 21) The Mixers end their performance in style.  
 22) Hannah Bernaix, Nicole Wenzel, and Ashley Streid give Barbie a new look.  
 23) Jordan Gierer shows off he is a real "Cheetah girl!"

# Science

By: Elysia Soria

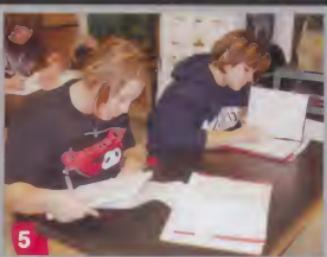

Granite City High School offers many different classes in the five basic sciences.

Taken mainly during the freshman year, Biology is the exciting study of life. In Biology, both advanced and regular classes get to enjoy the thrill of dissections of frogs, squid, and pig fetuses.

After the freshman year, students can explore Chemistry or Earth Science. While Earth Science focuses on the earth's rocks, minerals and weather patterns, Chemistry takes on the challenge of elements and their reactions. Both courses enjoy different types of labs. Chemistry labs include titrations and Earth Science labs include a rock practical.

During the junior and senior year there are several science options. Chemistry 3 and 4 or Biology 3 and 4. Additionally, student can choose Anatomy and Physiology or even Physics. In Anatomy and Physiology, the study of the human body, one of the most popular projects is the dissection of a cat. The purpose of the cat dissection is to understand how the body works and to show how muscles and tissues are connected. Physics, the study of motion and energy, has interesting labs such as the Slinky experiment that deals with waves.

The GCHS science department strives to provide courses and subjects of interests, opening the world of science to all students.

1. Nick Rozell is pumped and ready to go.
2. Stephanie Kerner goes over her notes in class.
3. Lauren Gargac gets up close in Biology.
4. Stephen Balsai and Seth Patterson take their cat practical very seriously.
5. Kristen Biggs and Alice Comer study very hard while doing book work in their class.

1. Mr. Trickey shows his students how its done in his Biology 4 class.
2. Sean McElroy, Mary Ryan, and Brittni Salzman get all into their cat.
3. Natalie Anderson and Dylan Sykes dissect their squid.
4. Zach Shemwell looks at his culture in Biology 3.
5. Ryan Hurt studies very hard in Biology and strives for an A.
6. Leah Weis and Alicia Ortiz work as a team to get their lab done.

# Test Your Green Eyed Monster

Your best friend just won a trip to Hawaii.  
You...

Ask to see pictures when he/she comes back.

Complain that it should have been you.

Your significant other just got a new job that pays twice as much as yours.  
You...

Remind him/her that your job is much cooler.

Congratulate him/her.

Your crush started dating one of your siblings.  
You...

Wish them luck.

Secretly try to break them up.

Your friend just bought the last pair of some shoes you have been looking forward to purchasing.  
You...

Tell him/her that you like the shoes and ask to borrow them.

Tell him/her the shoes are ugly and not to wear them. If can't have them neither should they.

Your enemy just got a new mustang.  
You...

Admire it from afar.

Egg the car.

A less talented player made team captain and you feel it should have been you.  
You...

Work this year and hope for better luck next year.

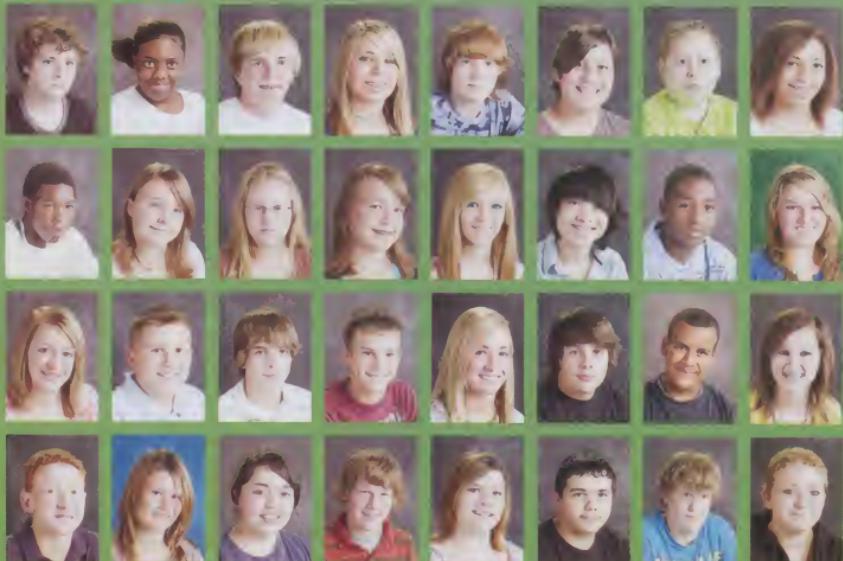

Plot a way to sabotage them and take their position.

You can admire the possessions of others and still understand that you have special things as well. You understand that the grass isn't always greener on the other side.

You are not the type to be extremely jealous, but at times you can become a little green-eyed monster.

Don't worry though, being jealous is normal just don't let it get out of control.

Jealousy is a large part of your life. Try to appreciate what you have. Don't focus on the assets of others. It's not having what you want, it's wanting what you have.

Warriors Guiding Warriors is a student-run club, supporting members of senior, junior, and sophomore classes, as well as freshmen, through various activities. In addition to the presenters of the year-long program, the seniors, sophomores, and freshmen students can join the club for their school year. The resources were instrumental to the success of the support programs they helped to run, including the Freshmen, Sophomore, and Junior Mentoring and the Freshmen Welcome Center. The seniors also help to run the Freshmen Welcome Center, and help to plan the Freshmen Welcome for the new

By Alyssa Jobe

Fears of freshman year— a huge building with lots of hallways, a schedule with seven classes and seven teachers not to mention seven sets of new faces, and finally the navigation from class to class with 2200 other students in six minutes, adding in time for the locker and maybe a sip of water— have been eased for this year. The class of 2011 was introduced to something new to GCHS: Freshman Academy.

Freshman Academy is designed to help students make connections with their teachers and classes, enforcing skills to help students succeed in their classes and in high school.

Raising Academic performance and attendance are goals as well. By placing freshmen into teams or cores, it gives students a familiar group, easing the fear of the high school. These teams stay together and move from teacher to teacher in the core subjects of English, math, and science. This is designed to help students have a stronger bond with their team and that team's teachers, aiding in a more positive experience and helping students feel better about their education.

The rest of the day follows a normal schedule like the rest of the high school: lunch, physical education (P.E.) or Freshmen Health, a Career Pathways class, and two electives.

The Freshmen Academy also added Warriors Guiding Warriors, a student mentoring program. (See page 18)

The Academy's mission is to create an environment that gives a sense of community, focuses on academic achievements and helps students prepare for life after high school.

## MACHINE SHOP

This class places emphasis on layout, bench procedures, and basic machine operations. Students will work with the various layout and hand tools.

In addition they will use machines such as the drill, cutting band saws(vertical and horizontal) and the C.N.C machine.

"You learn a lot of things in machine while your having fun at the same time," said student Christian Barnes.

Students learn the proper use of metals, materials, and processes as part of this course. As an added benefit, students earn dual credit agreement with Southwestern Illinois College(SWIC).

## GRAPHICS

This two hour course involves a deeper study of practices used in the printing industry. Areas studied are safety, darkroom procedures, press operation, computer typesetting and layout procedures along with sign design and production with color preparation and bindery and finishing operations.

Products from this class include the hall passes, banners, posters, the handbook, and programs, like the one for graduation.

"I love Graphics because Mo (Mr.Mihalich) is amazing." said Alice Harvey. "I also get to make custom stuff for free."

Culinary Arts are something most believe to be only offered in college, but little do students know it taught right here at GCHS. Vocational Foods, a name you might be more familiar with, is a two hour class, which may only be taken if you have completed Basic Foods.

Students learn to make soups, salads, pastries, yeast for bread and a few select meals.

Vocational students Rose Weinert, Brittny Wyatt and Suzane Ohanam all agree, "Foods is amazing. It's a hands on class where you get to expand you tastebuds."

In this elective you have the opportunity to visit Southwestern Illinois College (SWIC) to see the Culinary Arts programs they offer. Catering simple fundraisers and visiting various restaurants are just a few of the perks of this class.

## Building Trade

This is a vocational course in which the students learn about jobs in the construction field by participating in carpentry, masonry, painting, concrete work, roofing and dry walling.

"Vocational Building Trades is a hands on class that allows you to learn the basics of construction." said Senior Jake Young.

A modern house is built and completed by the students, and then is placed on the market for sale. The last house was sold in 2007. The course covers also teaches blueprint reading, job planning, basic manipulative skills, computations, proper work habits, and the use of hand and machine tools. The class meets for two and a half hours per day. But don't think that it is all work and no play. Nick Ely said, "It is a very fun and educational experience for someone wanting to learn the construction trade."

## AUTOMOTIVE

This class provides technical training to people who want to work in some area of the automotive technology field. The program is designed for students who plan to continue technical training after high school, but it will be equally valuable for students who plan no further training. It combines theoretical and practical learning experiences.

Senior Marcus Strain said, "Automotive is great because we get to do stuff to our own cars to make them look good and run amazing."

Vocational Electricity is a two year comprehensive program developed for the purpose of training junior and senior students. Students who enroll in the first semester intend to complete the four semester program.

Senior Matt Kelly said, "Electricity is great. Mr. Lignoul is an awesome teacher. Everyone should take this class."

It will also be considerable value to those students aspiring to further their studies of electronics and electricity in post secondary technical schools, two year associate degree institutions apprenticeship programs, or electrical engineering degrees.

This program starts with basic drafting practices and advances into areas that are most common to the drafting field.

Units of work to be covered are geometrical construction, orthographic projection, sections, pictorial drawing, auxiliary views, fasteners, intersections and developments. Computer Aided Drafting(CAD) is utilized at all times with an introduction to computer animation.

"In drafting class you have to have an imagination and be able to think on your feet. Some assignments really require creativity and hard work," said Taylor Ryan.

## WELDING

Welding is a class where students are introduced to different types of welding such as Oxyacetylene Welding, Shielded Metal Arc Welding (SMAW), also known as Stick MIG Welding, Gas Metal Arc Welding (GMAW), and many others.

Vocational Welding is a two hour class for both Junior and Senior students to become more experienced in the different types of welding safety procedures and other skills used in the work force.

"Welding is always fun, and we always have a good time," said Eric Holmes.

Blueprint reading, welding terms, definitions, symbols and total team safety will be studied and applied in this class.

What was your favorite class or school event this year?

For the past year, my favorite class has been my geometry class. My teacher, Mr. Hinsdale, did a great job. I enjoyed all the fun activities we did in class. I also enjoyed the field trip to the aquarium.

# Mr. Jim Greenwald, Principal

This has been a very exciting year. It has exceeded my expectations as far as the excitement, the joy and the challenges that this new job as principal brings. We are just about done with the school year, with just a couple months to go. I've been here for 8 years, I served as Assistant Principal in charge of discipline for several years and Vice-Principal /Athletic Director, but there is no substitute for the challenge that I've had this year. Its been a great year. I wake up every morning and I can honestly say I really look forward to serving the students, serving the teachers, and serving the parents of this high school. I wouldn't trade this job for anything and I'm looking forward to seeing this year's yearbook. I know Ms. Sullivan and the students have put a great amount of effort into it. Warriors Forever!

the first time in the history of the world, the people of the United States have been called upon to decide whether they will submit to the law of force, or the law of the Constitution.

The law of force has been presented to us in the person of a Southern Slave Power, whose agents have organized a rebellion against the Government of the United States.

The law of the Constitution has been presented to us in the person of the Government of the United States, which has been organized by the people of the United States, and which is the representative of the people of the United States.
